

On-line testing	15	USTER® <i>QUANTUM 3</i>	Learn more about the yarn clearing limit settings, their optimization and dependence on applications	2	x	x	x	x						x			
	16	USTER® <i>QUANTUM EXPERT 3</i>	Get to know how to use the USTER® <i>QUANTUM EXPERT</i> system optimally. Learn how the system supports quality control and the optimization process.	1.5	x	x	x	x						x	x		
	17	USTER® <i>SENTINEL</i>	Learn how to handle and use the values of the USTER® <i>SENTINEL</i> values and how to optimize your spinning process with the help of USTER® <i>SENTINEL</i> .	2	x	x	x							x	x		
	18	USTER® <i>JOSSI VISION SHIELD 2</i>	Detailed explanation about practical settings of the USTER® <i>JOSSI VISION SHIELD 2</i> . Learn more about the differences to the USTER® <i>JOSSI MAGIC EYE</i> .	1 - 2	x	x	x	x							x		
	19	USTER® <i>SLIVERGUARD</i>	Learn how to use the values provided to optimize the yarn production process.	0.5				x							x		
Basic training	20	USTER® <i>STATISTICS</i>	Understand and apply the USTER® <i>STATISTICS</i> . Learn to use them and how to communicate their results.	0.5	x	x	x	x	x					x		x	x
	21	Short staple yarn manufacturing process	A detailed study of the different processes involved in short staple manufacturing and the application of Uster systems to those processes.	2 - 3	x	x	x	x						x			x
	22	Intelligent Yarn Sourcing	This is a training program for retailers and yarn purchasers to understand the basic yarn values. Yarn sellers and purchases will learn how to communicate more efficiently with each other.	2 - 3	x		x							x			x

**Remarks:**

We can offer all training courses in different languages (EN, CN, DE, TR, ES, FR) according to the location

\*Course contents can be adjusted individually according to the know-how level or location.

Special discounts are given to USERIZED customers
